⚠ WARNINGS

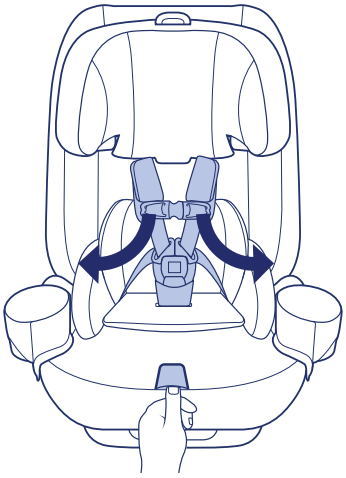

READ ALL INSTRUCTIONS BEFORE USE - Failure to follow these warnings and instructions could result in injury or death to your child.

- DO NOT use the car seat protector in BOOSTER MODE.
- DO NOT use the **car seat protector** with the **newborn insert**.

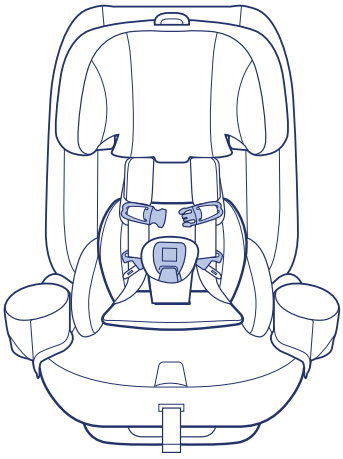

THIS KIT INCLUDES:

Car Seat Protector

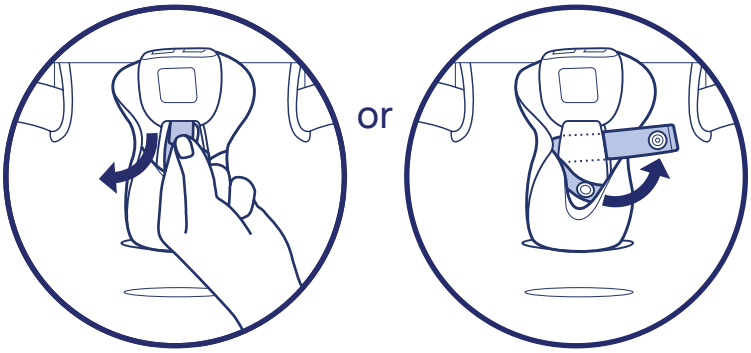

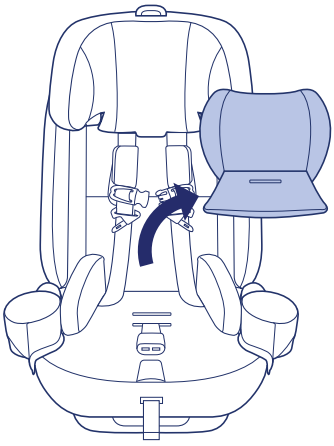

1. Loosen the harness by pressing the **harness release button** on the front of the car seat while pulling forward on both of the **harness straps**.

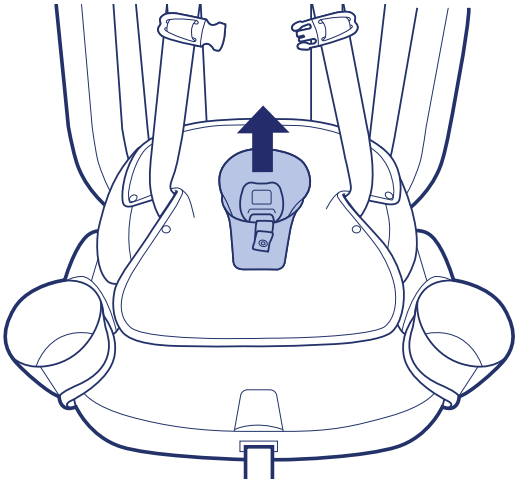

2. Unbuckle the **chest clip** and **harness buckle**.

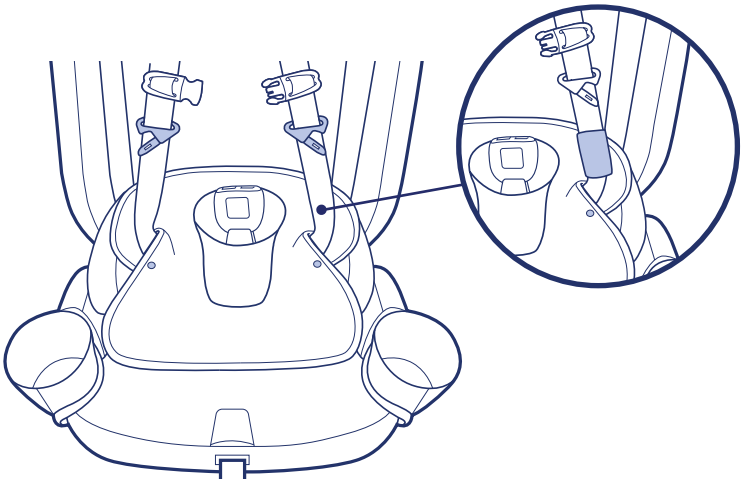

3. Remove the **crotch strap pad**. (Refer to your owner's manual.)

4. Remove the newborn insert (if being used).

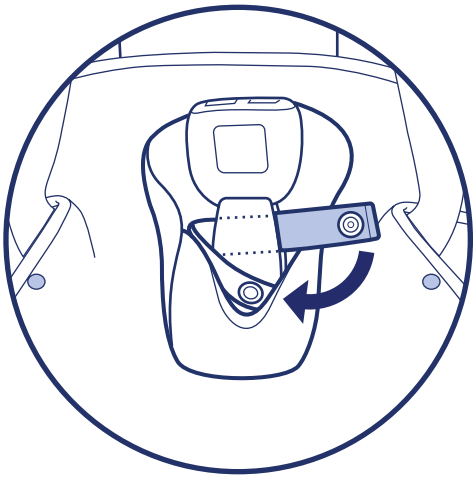

5. Place the car seat protector onto the seating surface and pull the crotch strap up through the opening. Fit the harness straps into the cutout guides on the sides of the car seat protector.

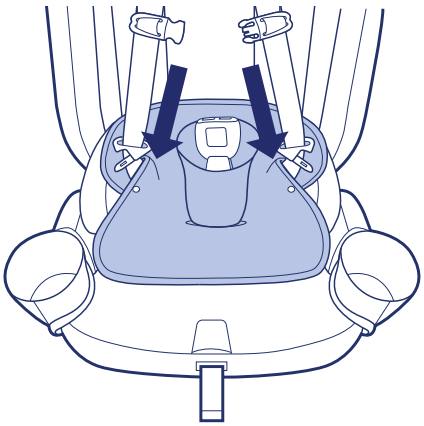

6. Make sure to slide the buckle tongues above the car seat protector. Wrap the car seat protector around the harness straps and fasten the snap buttons.

Note: For car seats with hip pads, make sure the hip pads sit on top of the car seat protector.

7. Insert the ribbon through the center loop of the crotch strap and fasten the snap on the ribbon.

8. Tuck the car seat protector into the seat of the car seat to remove any folds and creases. To remove the car seat protector, follow these instructions in reverse.
