How to Assemble Front Wheels

⚠WARNING

Before use, ensure that the wheels are safely locked into position.

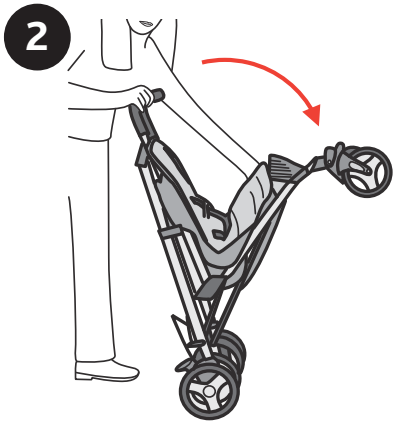

1. Attach the Front Wheel to the Stroller Frame by lining up and inserting the Front Wheel Post into the corresponding opening on the Front Wheel, as shown.

Make sure both Wheels are secure by pulling down on Wheel assemblies.

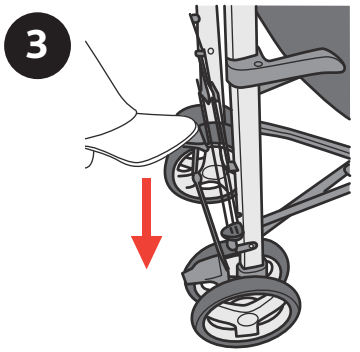

How To Open Stroller

⚠WARNING

When opening the stroller, ensure that your child, or other children, are at a safe distance. Ensure that during these operations, the movable parts of the stroller do not come into contact with your child. Before use, ensure that the stroller is in the open position by checking that the locking mechanism at the rear of the stroller is fully engaged.

2. Release the side-mounted locking device and push the front part of the stroller forward.

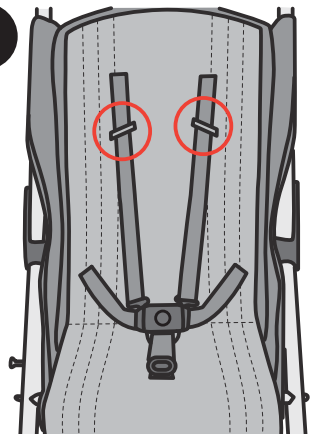

3. Push the rear locking mechanism downward with your foot. Ensure that the stroller is open and locked in the correct position.

⚠WARNING

This stroller features two harness positions. Always use a harness position located ABOVE the child's shoulder line. If both harness positions are above the child's shoulder line, use the one closest to it.

4

4. This stroller has a five-point safety harness featuring two shoulder straps, two adjustment holes, a waist strap and a crotch strap with buckle.

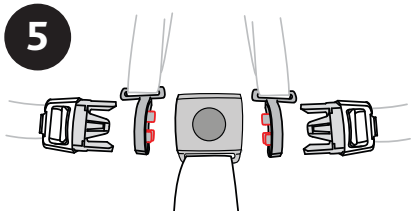

If necessary, adjust the height of the shoulder straps, inserting them into the adjustment loops.

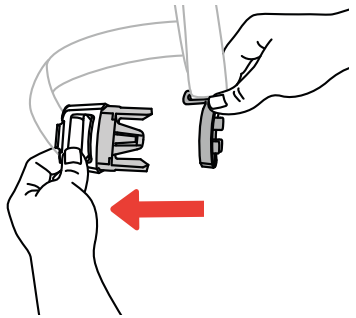

Always make sure the Shoulder Straps are adjusted to the same height on each side.

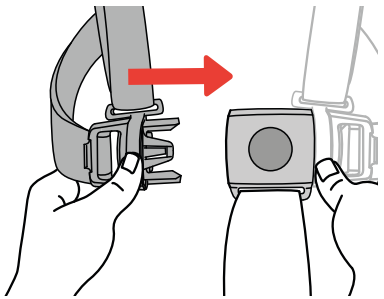

⚠WARNING

Never leave child unattended. Avoid serious injury from falling or sliding out. Always use seat belt.

5

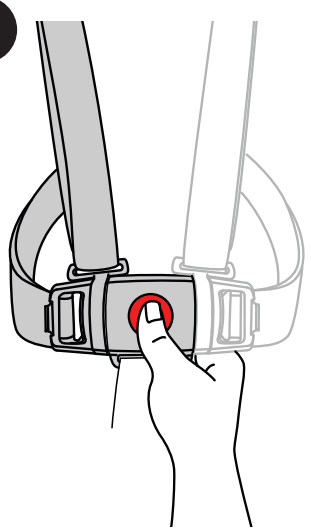

5. The Shoulder Strap Connector is designed to break away from the Waist Clip when not secured in the Crotch Strap Buckle.

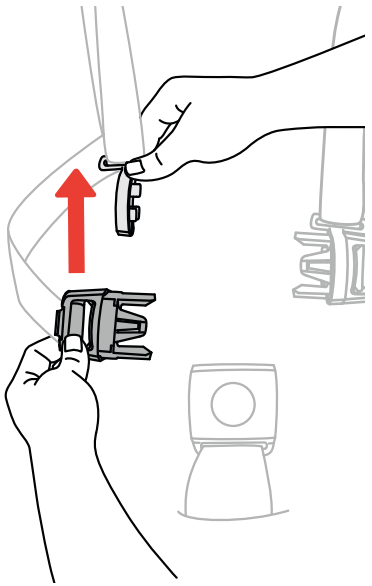

Make sure the Shoulder Strap Connector is in the correct position, as shown. Slide the Shoulder Strap Connector onto the Waist Strap Clip and repeat for the other side.

Then slide both Waist Clips into the Crotch Strap Buckle as shown. Pull on both sides to make sure the Clips are secured to the Buckle.

How to Use Safety Harness

6

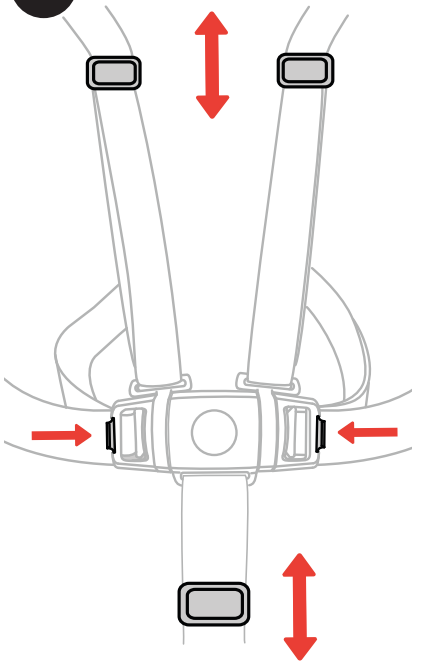

6. The safety harness can be released by pressing the button on the center of the Crotch Strap Buckle and pulling both Waist Clips out.

Pull on the Shoulder Strap Connector to remove it from the Waist Strap Clip.

How to Use Safety Harness

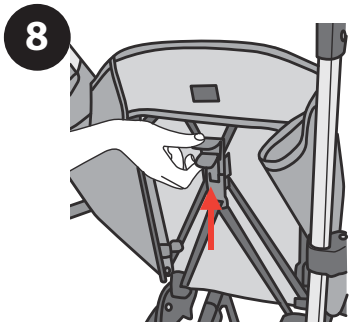

7

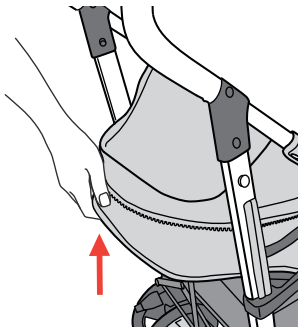

7. The length of the Shoulder Straps and Crotch Strap can be adjusted by pulling on the adjustment buckles to tighten or loosen.

The length of the Waist Straps can be adjusted by pressing the tab at the end of the Waist Strap Clip and pulling on the strap to tighten or loosen to better fit your child.

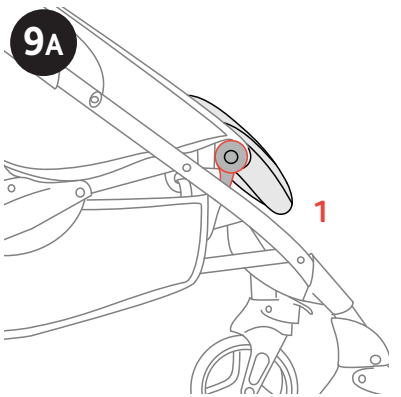

How to Adjust Backrest

8. To recline the Backrest, squeeze together both levers and pull down on the Backrest. To adjust the Backrest into an upright position, push up on the Backrest until it locks into the desired position.

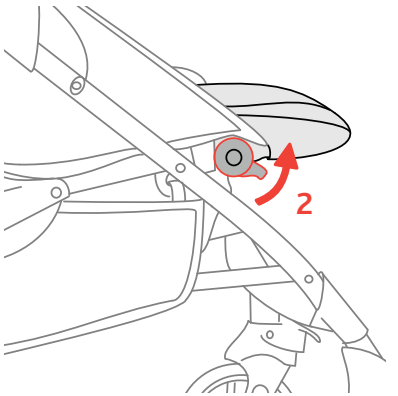

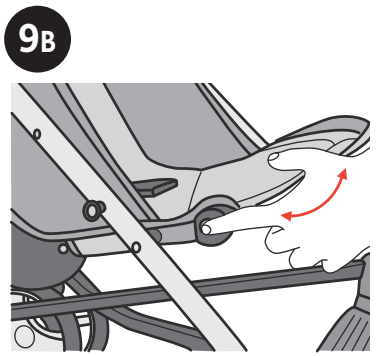

How to Adjust Leg Rest

The stroller's Leg Rest can be adjusted to offer extra comfort to your child.

9A. Rotate the two side levers simultaneously to adjust the Leg Rest to the desired position. Press the two side buttons simultaneously to release the Leg Rest to the desired position (9B).

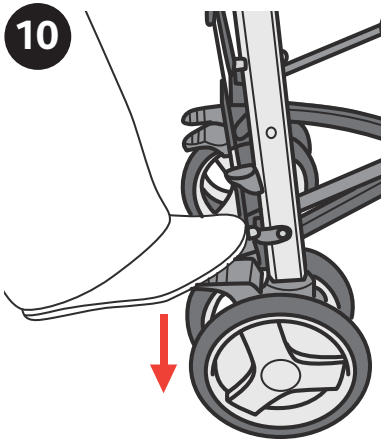

How to Use Brakes

⚠WARNING

Always apply both brakes whenever the stroller is stationary. Never leave the stroller on a sloped surface, with a child onboard, even with the brakes applied.

10

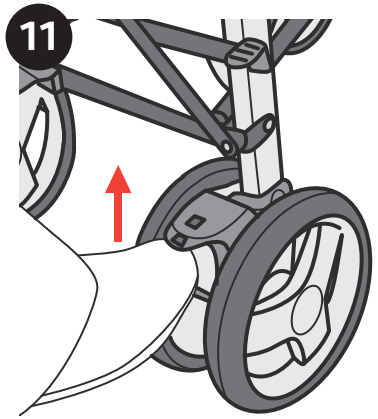

10. To apply the brakes, push on each of the two levers located at the center of the rear wheel units in a downward direction.

⚠WARNING

After you press the Brake Lock Lever, push the stroller back and forth to ensure that you have engaged the brakes.

11

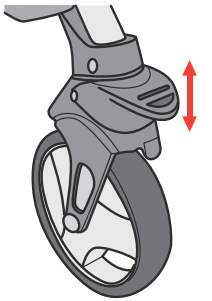

11. To unlock the braking system, push each one of the two levers located at the center of the rear wheel units in an upward direction.

How to Use Front Swivel Wheels

The stroller has front swivel/fixed wheels. It is recommended that you use the fixed mode on uneven surfaces and the swivel mode on normal road surfaces. Make sure you lock both front wheels.

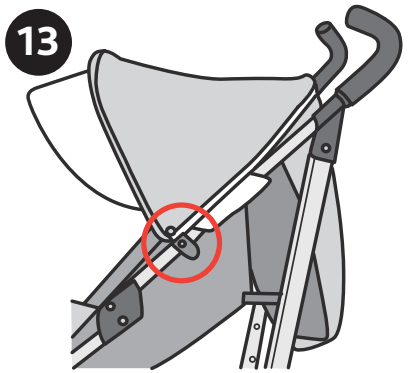

12

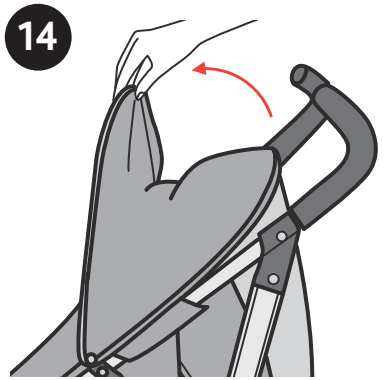

12. To use the front wheels in the swivel mode, push the front lever in an upward direction with your foot. To use the front wheels in the fixed mode, lower the lever with your foot. The wheel will lock in the straight position, regardless of its previous position.

How to Use Canopy

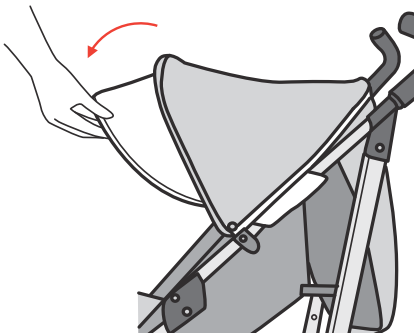

The canopy must be fixed on both sides of the stroller. Ensure that the canopy is correctly secured into position.

13. To fit the canopy, fasten the plastic clip in the indicated position. Be sure the button on the frame nests into the hole on the canopy clip.

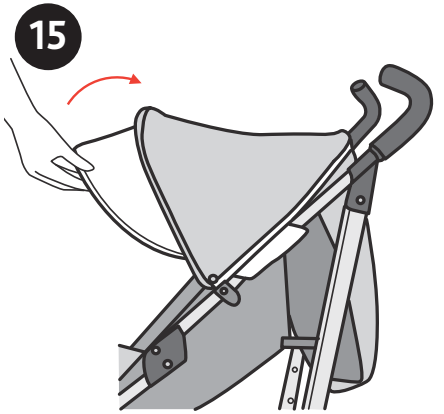

14. Open the canopy as shown.

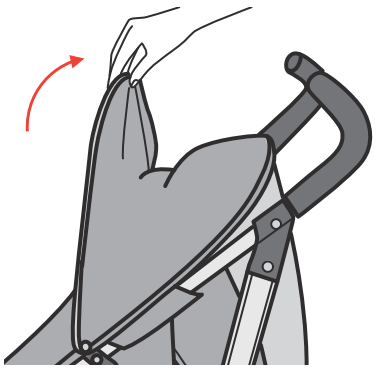

How to Fold Stroller

⚠WARNING

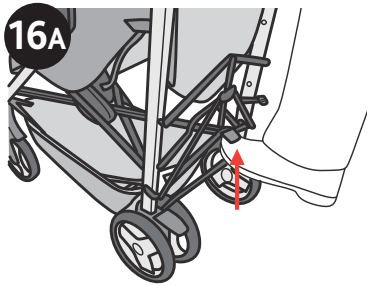

When closing the stroller, ensure that your child, or other children, are kept at a safe distance. Ensure that during these operations the movable parts of the stroller do not come into contact with your child.

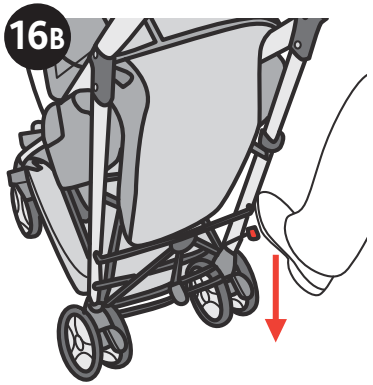

15. If it is open, fold the canopy.

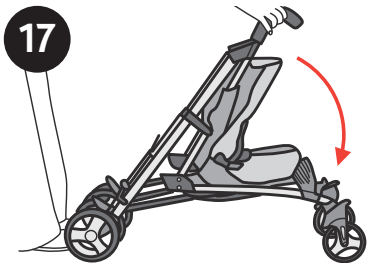

How to Fold Stroller

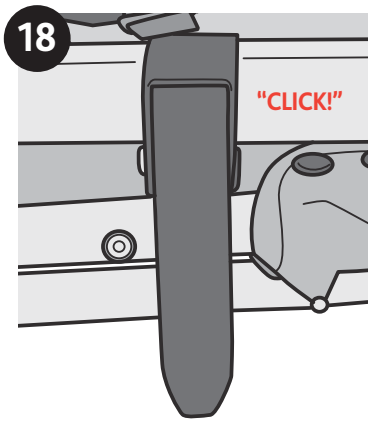

16. To close the stroller, pull the rear locking mechanism in an upward direction (16A) and use your foot to unlock the pedal on the right side of the stroller (16B).

How to Fold Stroller

17. To close the stroller completely, push the handles forward.

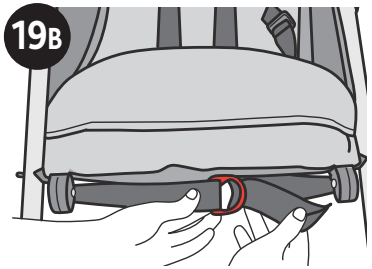

18. When the stroller is closed, the locking device located on the side of the stroller will automatically lock it in the close position, preventing it from accidentally opening.

Cleaning and Maintenance

This product requires regular maintenance. The cleaning and maintenance of the stroller must only be carried out by an adult.

CLEANING

The cover can be removed (please refer to the section “How to Remove Seat Fabric”). Remove the board from the seat cover before hand washing. Hand wash removable fabrics in cold water; do not use bleach; drip dry. Attached fabrics may be spot cleaned with a damp cloth.

Periodically wipe clean plastic parts with a soft damp cloth. Always dry the metal parts to prevent the formation of rust if the stroller has come into contact with water.

MAINTENANCE

Lubricate the moving parts only if necessary, with a light application of a silicone based lubricant. Periodically check the condition of the wheels, and keep them clean of dust and sand. To avoid friction that may prevent the correct operation of the stroller, ensure that all the movable plastic parts placed along the metal frame are clean of dust, dirt or sand. Keep the stroller in a dry place. Prolonged exposure to direct sunlight may cause the fabric to fade.
